Safety and Maintenance Guidelines

Safety Precautions

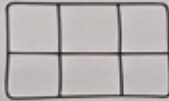

- **Child Safety:**
Do not allow children to jump or engage in vigorous activities on the sofa to prevent accidental injuries. Ensure there are no sharp objects around the sofa to avoid cuts. We recommend installing corner guards or protective edges on furniture corners.
- **Stability Check:**
Regularly check that screws, hooks, and other connecting parts of the sofa are securely fastened to ensure structural stability.
If any looseness or damage is detected, please contact after-sales service or a professional for immediate repair.
- **Avoid High Temperatures and Fire Hazards:**
Keep the sofa away from fire sources, heaters, or other high-temperature devices to reduce fire risks. Do not smoke on the sofa to prevent ashes or sparks from igniting the fabric.
- **Weight Limit:**
Adhere to the maximum weight limit of the sofa to avoid structural damage from overloading.

Maintenance Tips

- **Daily Cleaning:**
Use a clean, soft cloth to gently wipe the surface to remove dust and dirt.
For minor stains, use a slightly damp cloth to wipe, but avoid excessive water from penetrating the fabric.
- **Regular Dusting:**
Vacuum the sofa at least once a week using a soft brush attachment to remove dust and debris from the surface and crevices.
- **Stain Treatment:**
Address stains promptly. Use a specialized upholstery cleaner according to product instructions. Avoid cleaners containing bleach or strong acids/alkalis to prevent fabric damage.
- **Keep Ventilated and Dry:**
Place the sofa in a well-ventilated area to avoid moisture buildup, which can lead to mold growth. Immediately blot up any spills or liquids with a dry cloth.
